

# Accelerate the Approvals you Need.

Sentinel can reduce the time and the investment it takes to get set up correctly in Dubai.

Our team has been establishing businesses in the UAE for over 30 years, so whether you are a single entrepreneur incorporating in Dubai for the first time, or a large multinational looking for a local partner to enter the market, we can help.

## Get street legal in days, not months.

Every working day you have to wait for approvals, is a day spent not working. We've set up lots of companies so we know what works and who to speak to, to reduce approval periods.

## One point of contact. No headache.

Like company incorporation in any country, getting incorporated in the UAE will require documentation and approvals from several departments and ministries. With Sentinel however, you will only ever need to deal with us. We'll take care of the rest on your behalf.

## Take an office with us, and Incorporation is Free\*.

Every business in the UAE requires an office. We can locate and lease the necessary office space for you. Or, should you choose to take an office at our business centre we'll include all the costs of your company incorporation costs for free.
