

IT when you need it.

Sentinel have invested in cutting edge technology and in-house IT support, so that you don't have to.

Sentinel have installed a load-balanced Cisco Cat-6 Network. The result? You get total control over your communications, connectivity, equipment and applications from the moment you boot-up and log-on in the Business Centre.

Full set up, without the up-front costs.

Unlike other business centres, we won't charge you a penny to get your personal IT set-up. Nor will you receive any rental charges for your access or networking equipment. High speed internet comes as standard, as does our in-house support.

Round the clock support is only minutes away

In-office IT support can be expensive and most plans today won't guarantee a call out in under 6 hours, so having instant access to our in-house IT is a big relief and ensures your productivity.

Need more autonomy, bandwidth or security?

No problem. You can request our IT Consultants to advise, plan and cater to all your IT needs. And you can host your own servers in our dedicated rack units and request your own dedicated ADSL leased line connection.

Included as standard :

- 2 x 4Mbps leased line offering high speed web access with Cisco load-balancing and secure WIFI
- 2 x 4Mbps ADSL line to act as backup in case of emergencies
- VLAN secured network for each company
- RJ45 Ports and Cat 6 cabling enable plug-and-play access
- Fortinet firewall prevents incursion, viruses and worms
- UPS enabled
- In-house daily IT support.

On request services :

- Dedicated 4Mbps ADSL internet/4Mbps leased line
- Designated IP addresses for VPN access
- Dedicated server space (up to 250 GB)
- Rackspace (RU) for your servers or equipment
- Additional dedicated bandwidth
- URL Filter to limit web access by category.

What IT support does your company need?

How Sentinel can help

"Look, I need a seamless transition from my current offices. Can you promise it will be quick and painless?"

Speak to us directly. In our experience, even the most complex requirement can be handled in hours, not days.

"We've got servers and plenty of our own equipment, do I have to use your systems?"

No. Our staff will make it easy for you to transition your current systems, networking and software requirements into our dedicated rack.

"What sort of downtime guarantees do you make?"

We've put in a UPS, so power isn't an issue. We have staff available for front-line support, and we have backup ADSL lines, too.

Are you *business agile*?

Office and Business Solutions

Express Business Set Up. We'll get your company incorporated correctly and trading in Dubai, with the least hassle and in the shortest possible time.

Flexible Offices. Short-term contracts that allow you to grow, or shrink the office space that you need, when you need it. So you only pay for the space you use.

Virtual Offices. With a prestigious P.O.Box, telephone, mail forwarding and email alerts and hot desking, you can be in Dubai, even when you're not.

Meeting Rooms. Host from 2 to 12 people for any kind of formal or informal meeting in comfort, with IT, A/V, catering—and attractive views of Sheikh Zayed Road.

All Inclusive Billing. We've added a host of free services as standard that would cost extra at other Business Centres. So, there's never any unexpected charges.

Concierge Services. When you check in, your personal concierge is on hand to solve any travel, transport, hotel or restaurant issues you might have.

One, Sheikh Zayed Road

Prestigious business address. You'll be sharing offices with some of Dubai's blue-chip companies and able to walk to DIFC, DICEC and The World Trade Centre.
